Tutorial - **Integre Seu Projeto do Google Ai Studio com o Banco de Dados do Supabase**

Link: https://www.youtube.com/watch?v=pBg0IW1I_ZQ

<https://supabase.com/>

Create a new organization

Organizations are a way to group your projects. Each organization can be configured with different team members and billing settings.

Name

inmobiliaria-youtube

What's the name of your company or team? You can change this later.

Type

Personal

What best describes your organization?

Plan

Free - \$0/month

Which plan fits your organization's needs best? [Learn more.](#)

Cancel

Create organization

Create a new project

Your project will have its own dedicated instance and full Postgres database. An API will be set up so you can easily interact with your new database.

Organization

inmobiliariaYouTube FREE

Project name

Site de Inmobiliaria

Database password

Type in a strong password

This is the password to your Postgres database, so it must be strong and hard to guess. [Generate a password.](#)

Region

Americas

Select the region closest to your users for the best performance.

Create new project

Quero fazer uma integração com o banco de dados do Supabase. Esses são os dados do projeto para integração:

SUPABASE_URL:

SUPABASE_ANON_KEY:

Como criar a tabela no Supabase

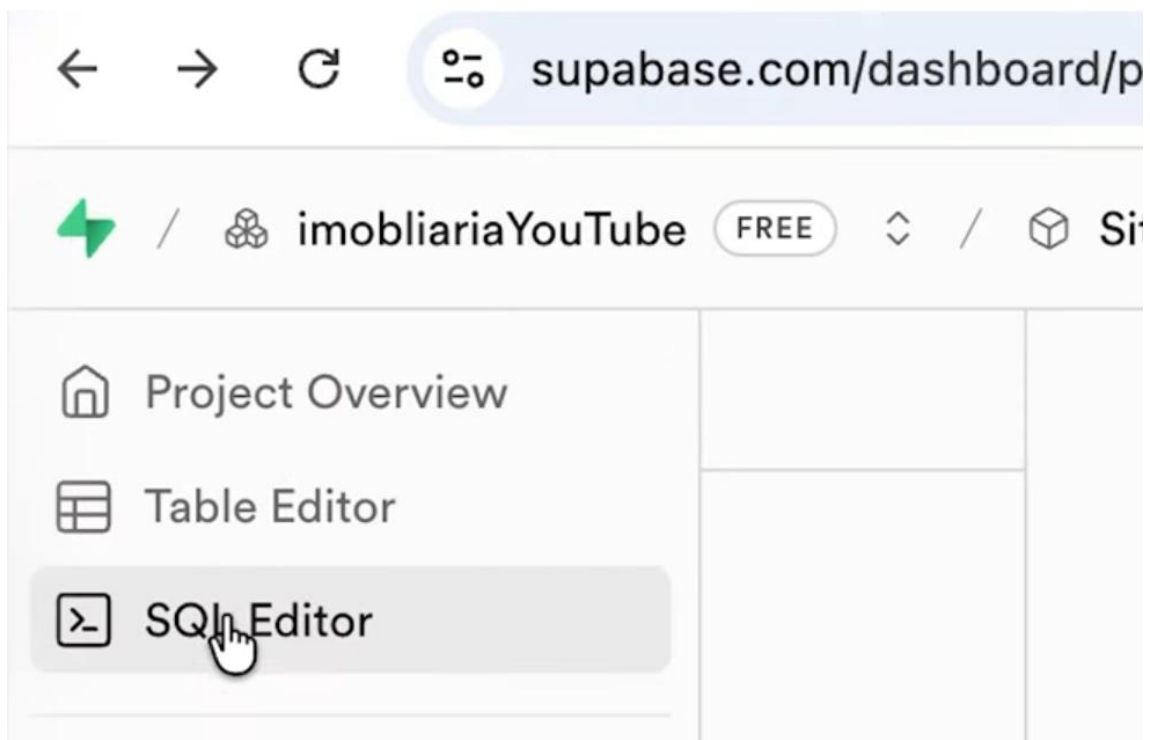

Para que a integração funcione 100%, vá até o **SQL Editor** no painel do seu Supabase e execute o seguinte comando para criar a tabela necessária:

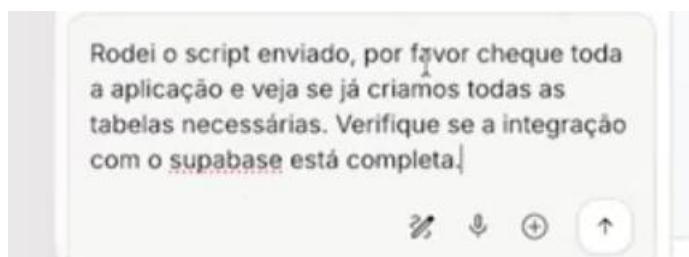

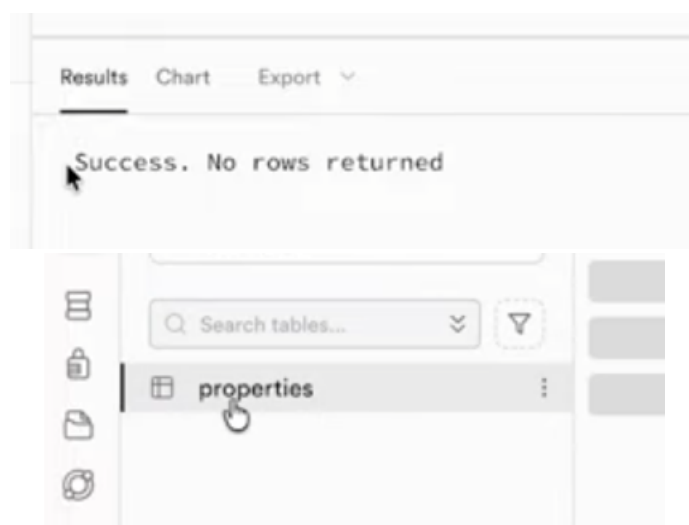

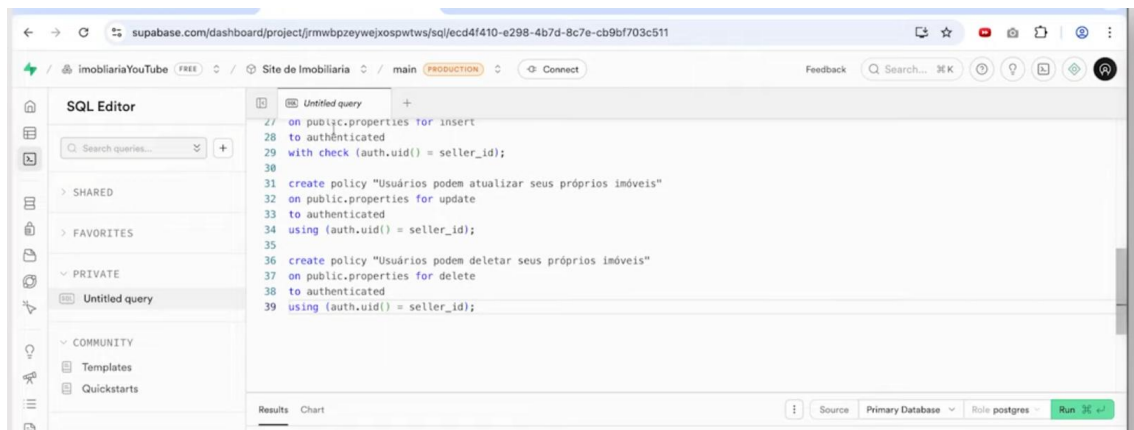

```
<> SQL

create table public.properties (
  id bigint generated by default
as identity primary key,
  title text not null,
  description text,
  type text not null,
  price numeric not null,
  area numeric not null,
  city text not null,
  neighborhood text not null,
  address text not null,
  images text[] default '{}',
  seller_id uuid references
auth.users not null.
```

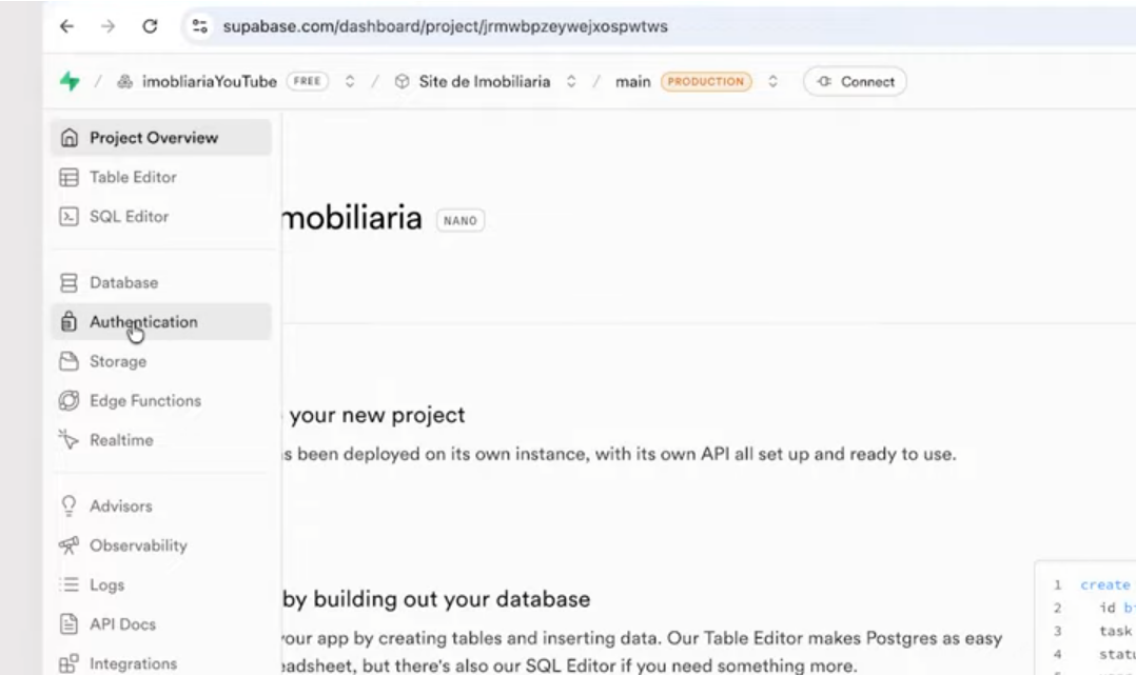

🔗 Suggestions

×

- Verify that the RLS permissions policies are correctly applied.
- If any vulnerabilities exist in your application, correct them.

The image shows a 'Create a new user' dialog box. It has a title bar with a close button (X). The form contains the following elements:

- Email address:** A text input field with an envelope icon on the left and the text 'chiara@teste.com' inside.
- User Password:** A password input field with a lock icon on the left and a series of dots representing the password.
- Auto Confirm User?:** A checkbox that is checked, with a mouse cursor hovering over it.
- Text:** Below the checkbox, it says 'A confirmation email will not be sent when creating a user via this form.'
- Button:** A green button at the bottom labeled 'Create user'.
